ATMSEC®

Every week in Italy
3 ATMs explode.

Source: Polizia di Stato, 2020 ↗

THE PROBLEM

Each assault costs thousands of Euros to the target bank, plus the reputation damage in the long term.

THE SOLUTION

ATMSEC automates the recognition of an occurring attack or situation which might disable the ATM, allowing an immediate and precise response.

PRODUCT FEATURES

ASSAULT CONTROL	VANDALIZATION	SKIMMER INSTALLATION	FLOWS OF PEOPLE

BANK IMMEDIATE ADVANTAGES
